Glenn Sylvester, President

The Honorable Don Bacon  
United States House of Representatives  
1024 Longworth HOB  
Washington, DC 20515

Dear Mr. Bacon,

I have been authorized by the members of the San Francisco Veteran Police Officers Association to request that you allow our organization to be included in the coalition of law enforcement organizations already backing your proposed LEOSA legislation. Our members feel strongly that your proposed additions/modifications to existing LEOSA law are absolutely necessary, even essential, in empowering retired law enforcement officers to act as force multipliers, providing additional security and safety to the citizens of our communities. We stand with you and your coalition and are willing to provide any assistance required to pass your legislation.

Please feel free to contact me at any time using the above contact information.

Sincerely,

Larry P Barsetti  
Lieutenant, San Francisco Police Department, Retired  
Secretary, VPOA  
(As directed by President Sylvester)
